

REPORT ON KIDS CAMP

Academics and activities are the two essential parts, on which the nurturing of a child depends on, as kids love to play & enjoy. So every year, St. Montfort Kindergarten organizes a day just for entertainment an enhancement of motivationforour tiny tots. On 2nd February, we observed our “Kids Camp” in which children were in their beautiful yet colourful attires.

They were made to enjoy different games like bombing the city & the most exciting one i.e. “Treasure hunt” was organised which was thoroughly amazing.

After the games, next on role was, the invoking of an enthusiastic artist within oneself:colouringand drawing activity.Through this activity, art came out amazingly on the sheets and the camp ended by “tug of war” game, which was most entertaining.As usual, at last every function is incomplete without dancing which made them very happy.
