

REPORT ON CAREER COUNSELLING SESSION 2018-19

FOR CLASS X AND XII

‘A Successful career will no longer be about promotion. It will be about master.’

St. Montfort School organized a session on ‘Career Counseling’ for the students of class X and XII on 16 July 2018, in the school auditorium.

The session was aimed to guide students about career options and time management. The resource person for the session was the renowned Psychologist and counsellor, Mrs. Reena Rajput. She urged the students to focus on hard work, innovation, collaboration and smart work. She hoped that this seminar will assist students in overcoming common challenges like addiction of mobile phones and social media, improper schedule, controlling emotional pressure, etc, which hold them back from realizing their true potentials and requirements.

She guided students on how to select a suitable field of career and described all the steps necessary to plan ones career smartly.

At the end of the session, children indulged in an interactive session of feedback and measures to individual problems. It proved very faithful as it gave a good start to the second half of the new session 2018-19.
