

REPORT ON CHILDREN'S DAY 2019-20

“We mould their minds as patters to get the desired individuals and we end up by learning How to live by them.”

Children are the gift of God who are to be nurtured with love and immense care. And so, to make these tiny tots happy. We made an effort by celebrating their day in their manner. Pt. JawaharLal Nehru's birthday i.e 14th November 2019, reminds us how carefree our kids are and so the teachers of St. Montfort School Primary tried to present their performances in front of the students to make them happy. All the teachers came up with vibrant dances, songs and skit. Kids also enjoyed the magic show presented by the teachers. The programme ended up with an inspirational speech by our vice Principal Rev. Bro. Bala Joseph.
